

The Second Auditor would respectfully inform  
H. C. the President, that he has examined  
the claim of T. R. Palmer, Indian Agent  
and finds the same correct to the amount of  
\$ 094. 44. but as it has been customary, that  
claims of a similar character should be approved  
by the President or Chief Indian Commissioner,  
previous to being admitted to audit, he cannot  
act upon them until so directed by H. C.

Whilst on this subject, he would  
further remark that the Appropriation for  
Indian Affairs has been already exhausted, and  
drafts to the amount of nearly \$ 2000. remain  
unprovided for. With sentiments of regard &c.

Respectfully

D. W. Melochusky Esq.  
2<sup>d</sup> Auditor
